

Crystal Clear

QA Tester

Professional Summary

Highly motivated and detail-oriented QA Tester with 4+ years of experience in ensuring software quality across various platforms. Proficient in manual and automated testing, test plan development, and defect tracking. Committed to delivering robust, user-friendly applications and improving overall product reliability.

Work Experience

Senior QA Engineer January 2022 - Present
Innovatech Solutions, Seattle, WA

- Led the development and execution of comprehensive test plans and test cases for web and mobile applications.
- Implemented automated testing frameworks using Selenium and Playwright, reducing regression testing time by 30%.
- Collaborated closely with development teams to identify, reproduce, and resolve software defects.
- Mentored junior QA testers on best practices and testing methodologies.

QA Tester August 2019 - December 2021
NexGen Software, Portland, OR

- Performed manual functional, integration, and user acceptance testing for new software features.
- Documented and tracked defects using Jira, providing clear and concise bug reports.
- Participated in daily stand-ups and sprint planning meetings, providing valuable input on quality assurance.
- Contributed to the improvement of existing QA processes and documentation.
